LICENSING & REVIEW

LETTER

In accordance with the requirement recited in an unnumbered paper, dated as mailed May 4, 2004, a Declaration from each inventor is enclosed herewith setting forth the full facts concerning the circumstances under which the invention was made and stating that there is no relationship of the invention to the performance of any work under any contract, subcontract, or arrangement entered into with the National Aeronautics & Space Administration.

Respectfully submitted,

Date: 6/7/04

  
Robert Desmond  
Attorney for Applicant(s)

**DECLARATION**

I, the undersigned, declare and say as follows:

I am the inventor of the invention disclosed in the above-identified patent application;

During the period of time when said invention was conceived and made, I was employed by Honeywell, International Inc., assignee of the above-identified application;

The invention was conceived and made by me while employed by Honeywell International, Inc. during working hours while performing regular duties carrying out experimental and research work relating to said invention and while using Honeywell International Inc.'s facilities, equipment, materials, funds, information, and services; and

The invention disclosed in the above-identified application was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of work under any contract of the National Aeronautics and Space Administration.

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
